### BLS Workshop Report

**Date: 20.10.23**

**Venue: Seminar Hall 1**

Basic Life Support, or BLS, generally refers to a level of medical care which can be provided by trained medical personnel, including emergency medical technicians, paramedics, and by qualified bystanders for victims of life-threatening illnesses or injuries until they can be given full medical care at a hospital.

#### **Expected Outcome:**

1. Trainees to be introduced to basic life support, retaining fundamental theoretical knowledge.
2. Trainees to be confident in practical and technical skills when providing basic life support.

Youth Red Cross of SSM Institute of Engineering and Technology and Indian Society of Anaesthesiologists – Dindigul branch jointly organized a workshop on Basic Life Support session on 20/10/2023 from 1.30am to 3.00pm. Around 50 students of I BE actively participated and updated their knowledge on Pediatric/ adult BLS, with appropriate hands-on skills.

The sessions were started at 1.30 p.m, in Seminar Hall 1 with introductory session by Dr. Lakshmi K, President of DSOA. Dr. N. Sampath Kumar, Principal of SSM College of Arts and Science, welcomed the resource persons and the delegates. Dr. Kalirathinam M, Vice President of DSOA, welcomed all the participants and brief introduction about the course was given. Dr. Periyasmy S, Finance Secretary of DSOA and Dr. Karthikeyan R, Secretary of DSOA, engaged lectures on “Basic Life Support” and its Significance, methodology, various technicalities of BLS.

Later on, all the students were divided into 3 groups for hands-on training and mock drilling of the situation. Participants were initially demonstrated about life support skills over mannequin and in the groups of people were made to perform their skills in front of instructors to attain expertise. All the students were enthusiastically performed their skills and were very interactive in learning and clearing their doubts. All the students were satisfied and thrilled in knowing and learning new modality of life support in event of any disaster which they will be coming across in their duties.

The students learned the basics of resuscitation like chest compressions, adult and infant breaths, management of choking in adults and infants etc. Realistic simulations were focused on the following key concepts: proficiency in recognizing and initiating early management of periarrest conditions, of choking and the supportive care, identifying and treating, recognizing other life-threatening clinical situations such as cardiac arrest and providing initial care.

All the students thanked all the doctors for giving them opportunity to learn this new skill. Dr. Karthikeyan R, Secretary of DSOA, proposed vote of thanks and concluded the program.

**Respected Sir,**

**Subject : Letter of Invitation.**

On account of world Anaesthesia day which is celebrated every year on 16<sup>th</sup> October, we have planned to conduct a public awareness camp on Basic Life Support (BLS) on 20.10.2023 Afternoon. we are happy to have been given the opportunity to conduct this workshop at your college. It is our great Pleasure to invite you to this workshop in

Each every participant will get hands on training, also this will be followed by questions answer session where doubts are clarified. We assure you that by the end of the session will feel motivated enough to save a needy human.

We look forward to your presence and valuable interaction.

Thanking you,

Place: DINDIGUL

Yours Sincerely,

  
DSA
